

TACP

## About TACP Association

Tactical Air Control Party has always been one of the smallest careers in the entire scope of the Armed Services. It is our small size that has created the camaraderie upon which our Association is based.

We promote a warrior spirit among the TACP community by sponsoring and coordinating events in which TACPA members celebrate our career field. Together as a community, we remember the Fallen, honor the living and support TACP families.

**\$80,000**

## Helping Our Community

### Remember

In a year in which events were a challenge, the TACP community demonstrated the commitment to honoring our fallen TACPs. Forty-one teams joined the TACP 24HR challenge this year. They ran, rucked, or walked over 10,775.3 miles to support the Association, raising \$75,000 for the TACPA support program.

### Honor

TACPA, in conjunction with HAF TACP, has launched a recognition program to shine a light on the amazing accomplishments across the career field and honor past and present TACPs.

### Support

TACPA continues to support TACP families with the Immediate Needs Program. This year, TACPA supported a retired TACP with the purchase of a service dog, provided air travel for an Airman to be with his family during a tragedy, and supported a TACP family with expenses affiliated with autism-related medical care for their young child.

### HONOR

The TACP Association honors the active and retired TACPs by supporting on-base events and through our recognition program in partnership with Air Force Headquarters. Our reunion events bring together past and present TACPs to celebrate accomplishments, foster the TACP network, and reignite the brotherhood of the TACP community.

### REMEMBER

The TACP Association remembers TACPs that have been killed in combat, accident, training, or tragedy by hosting an annual 24 hour memorial. Active units, as well as civilians, participate in the TACP Challenge to honor these men and keep their memory alive within the TACP community.

### SUPPORT

The TACP Association supports its members in times of adversity through immediate needs grants that cover medical, housing, transportation and bereavement requests.
